Mark Moseley, former Redskin and NFL MVP—with the support of GE, GXS, the Washington Redskins Cheerleaders Alumni Association, and the Hogettes—is pleased to host the 20th Annual **Mark Moseley Celebrity Golf Tournament** on **Monday, June 3, 2013** at **Raspberry Falls Golf and Hunt Club, Leesburg, Virginia**. The event benefits two National Institutes of Health charities: **Special Love** and **Friends of the Clinical Center**.

With the continued economic difficulties, it is vitally important we continue this fundraising activity. In 2012 Special Love celebrated 30 years of helping kids and families live “Beyond the C” and with your sponsorship we can make this a terrific year. The 2012 tournament netted \$93,000 which was split between Special Love and Friends of the Clinical Center.

The day includes golf on a premier golf course, continental breakfast, mingling with sports figures, including former Washington Redskin players and cheerleaders, TV and radio personalities, tournament contests, mulligans, lunch, on-course refreshments, a reception, dinner, golfing awards, silent and live auctions and a raffle.

These charities fill critical needs. **Special Love** supports children from Maryland, Virginia and the District of Columbia who have been diagnosed with cancer as well as providing support for their families. Special Love provides year-round activities for the parents and siblings, including week-long summer camps. The cost to send one ill child to camp for a week is \$650.00. **Friends of the Clinical Center** provides emergency financial assistance to families of patients of NIH’s National Clinical Centers, paying for financial burdens triggered by their illnesses and their participation in medical research at the NIH. Friends of the Clinical Center spends an average of \$700.00 per family needing emergency financial assistance in order to continue their treatments. This event is the single largest outside fundraiser for both charities and enables them to focus their staff time on program services instead of fundraising.

There are many opportunities to support the tournament. If you are unable to sponsor a foursome or any of the other activities, perhaps you could donate an item for the silent or live auction or a prize for one of the golfing contests. This event offers sponsors the opportunity to host clients or provide recognition to deserving employees while supporting these charities. Attached you will find information on the charities, the various sponsorships, the 2012 sponsors, and a Schedule of Events. Monetary donations are welcome.

Your support is greatly appreciated and will be fully acknowledged. Your contributions are to the R & W Foundation and are tax deductible (subject to applicable tax regulations). For information on this tournament and how you can get involved, please contact Joe Pellegrino, Tournament Chairman at 202-637-4336 or Pat Carnright, Tournament Secretary at 202-253-2361.

On behalf of Special Love and Friends of the Clinical Center, thank you.

About Us

Friends of the Clinical Center (FOCC) provides financial assistance for patients participating in research protocols at the National Institutes of Health (NIH) Clinical Center. FOCC's goal is to enhance the lives of Clinical Center patients and their family members by relieving them of emergency financial burdens related to their participation in clinical trials. These patients may also experience emotional stress because so many times they need to leave family and friends who could support them during their treatment.

The concerns of finding a successful treatment, combined with the potential for lost income over a period of time, often have a severe financial impact on families. Some face the potential hardship of losing homes, having utilities disconnected, and being unable to afford medical equipment.

Founded in 1984, the Friends of the Clinical Center is a private, nonprofit, charitable organization that provides emergency financial aid to NIH patients and their families. Emergency aid is provided on a case-by-case basis to assist with necessities such as mortgage payments, utility bills and transportation costs.

The NIH is the nation's medical research body and a world leader in health and medical research with the mission of improving health through scientific discovery. The NIH Clinical Center is the world's largest hospital devoted entirely to research. Each year more than 7,000 patients are admitted to the Clinical Center, and another 73,000 outpatient visits are conducted. These patients, from around the world, play a vital role in the study of human health and disease.

Special Love Is:

- a nonprofit organization that provides cancer families a community of support, made up of other patients and families who know and understand the trials and triumphs of the cancer experience.
- the result of Tom and Sheila Baker's desire to establish a support group for children with cancer and to honor their daughter who lost her battle against the deadly disease. In 1983, the Bakers began their organization with a week of summer fun called Camp Fantastic which has grown into a year full of events, with approximately 20 week-long and weekend retreats and special outings.
- dependent on private donations. Donations are tax-deductible and can be in the form of program sponsorships or camper scholarships.

Special Love Means:

- children with cancer have an organization that brings them together with other children for fellowship, friendship and fun.
- families of children with cancer have an ally during and after the cancer experience. Each family member is included in programs—family weekends give mom and dad a chance to share with other adults, siblings have a program called BRASS (BRothers And SiSters of children with cancer) that gives them the attention and opportunity to make their own friends.
- hospitals have a place to refer the families of children with cancer. The communication between the patient, doctors, family and Special Love staff assures the sick child's best interests are well represented and everyone has an understanding of the child's needs.

If you would like more information, the following materials are available:

- [the LoveLetter](#) is sent quarterly to more than 8,500 people and keeps everyone informed of upcoming events.
- Special Love's scrapbook/annual report explains the organization and offers heartwarming photos of campers and their families enjoy Special Love's programs.
- the "Story of Special Love" video is available for new families, corporate meetings or other groups who need more information on Special Love programs.
- our website (www.speciallove.org) features our annual calendar, news, photos, and more.
